Fine Address.
Mrs. Amy C. Weech, of Virginia, one of the national organizers of the Woman's Christian Temperance Union, delivered an able address at Ash Chapel, Broad Oaks, yesterday afternoon.

Mrs. Weech is one of the most pleasing and forceful speakers that the people of this community have had the pleasure of hearing.

After speaking of the fact that all reforms, temperance or otherwise, are based on fundamental Christian principles, Mrs. Weech said: "I would these words were inscribed above the doorways of every school house and institution of learning in this land: 'Man advances in civilization only as he fulfills his obligation to God.'"

The speaker emphasized the fact that too many people in West Virginia were so well-content with what had been done in enacting prohibitory liquor laws in this state that they seemed unaware that the liquor interests are working day and night to nullify these laws. She said: "The battle for a sober and upright citizenship must still be waged ceaselessly not only in this state but in the whole nation, for no mother's son or daughter is safe so long as the 'Stars and Stripes' float over a single legalized saloon."

Mrs. Weech is touring this state in the interest of the West Virginia Woman's Christian Temperance Union. She spoke last evening at Shinnston and will speak this evening at Bridgeport. She leaves Tuesday morning for Sutton. While in Clarksburg Mrs. Weech was a guest

at the home of Mrs. J. B. Smith on North Chestnut street.

COAL PRICES

To Consumers Will Have to Be Increased as a Result of Agreement with Miners.

PHILADELPHIA, May 2.—Anthracite operators here Monday said that the prices of prepared sizes of coal will have to be increased to the consumers as a result of the agreement that has been reached with the mine workers in the hard coal fields. What the amount of the increase will be will not be known until the details of the new agreement are worked out.

S. D. Warrimern, president of the Lehigh Coal and Navigation Company, chairman of the operators' general conference committee, said the new agreement would involve a general wage increase of slightly more than ten per cent or between \$10,000,000 and \$12,000,000 a year.

Without waiting for the tentative agreement to be formally ratified by the mine workers the Lehigh Valley Coal Company Monday placed all day workers in the Hazleton district on the eight-hour system.

LONG DEBATE ON PHILIPPINO BILL

Is Begun on the Eighteenth Anniversary of the Battle of Manila Bay.

WASHINGTON, May 2.—On the eighteenth anniversary of the battle of Manila Bay, the Philippines independence bill was taken up in the House by unanimous consent. There was no resort to a special rule.

The debate began under an agreement between Democrats and Republicans for eight hours, providing that at the conclusion of general debate the Clarke amendment for independence within four years shall be taken up for a vote first of all.

Defending the Clarke amendment, Representative Jones, author of the bill, declared that the choice presented to the Senate was between a "vague, indefinite, meaningless and almost inconceivable proposition" and an honest effort to redeem the solemn promises of the Democratic party.

ONE VACANCY

As Germany is Not Represented at General Conference of Methodist Church.

SARATOGA SPRINGS, N. Y., May 2.—Conditions resulting from the European war caused a vacancy among the foreign delegation who gathered here Monday for the opening of the twenty-seventh general conference of the Methodist Episcopal church. For the first time since the German East Conference became part of this worldwide Methodist legislative body, no elected representatives of the churches in Germany answered the roll call. It was explained that although the usual delegates had been chosen they feared to come because of possible arrest and removal from neutral ships. Consequently their sole representative will be Bishop John N. Nuelson, an American citizen, who has supervision over the Germanic conference.

The Patria was at the time passing Cape Spartavento, the southern part of Sardinia, and running at full speed. The submarine did not show itself, the officers said, and no periscope was seen but the torpedo's wake was visible and was followed after it passed the ship. Many of the passengers on the ship also said they saw the torpedo's wake, according to the officers.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the women's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

KRAKAUER

A name standing at any time these forty-five years for all that is best and most desirable in piano tone and piano construction, was first established, and is still maintained, by persistent adherence to HIGH IDEALS—Musical, Artistic and Mechanical.

Pianos from the Krakauer point of view must, in order to be worthy of the name, be FIRST OF ALL, faultless exponents of artistic musical representation. Whatever other merits they may have, whatever other attractions they may possess, if they fall short of perfect harmonic expression, they fail to achieve their real purpose and miss altogether the mark aimed at.

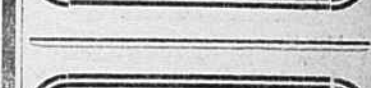

Whatever degree of Krakauer success has been thus far attained is due to the unyielding attitude of the founders of the House, all expert musicians by heredity and from choice. They have always insisted and still insist as musicians that a piano must be primarily A PERFECT MUSICAL INSTRUMENT.
